COLLECTION

THIS SEASON'S INSPIRATION

Our collections are shaped by the colours, materials, patterns and styles influencing interiors and the world of plants.

We continually explore emerging trends and translate them into distinctive, commercially relevant designs that feel fresh, desirable and made for modern living.

By WOODLODGE

ROOTED EARTH

Rich earthy tones, reactive glazes and warm natural textures create a grounded artisan aesthetic. Inspired by handcrafted interiors, rich colour palettes and natural materials, this trend celebrates depth, warmth and natural form.

VERDE

Soft greens, chalky neutrals and muted blues come together to create a calm and considered collection. Organic shapes and understated details add a sense of tranquillity and timeless appeal.

JOIE

Muted pastels are energised with bold accents to create expressive indoor pot covers that bring personality to contemporary spaces. Inspired by hand drawn stripes, whimsical patterns and soft heritage colour palettes.
